MULTIPLE GAME

Description:

In this project, we work on various kinds of games, specifically focusing on children to enrich their knowledge and thinking capability.

<u>Proposals</u>	<u>Completed Tasks</u>
<ul style="list-style-type: none">• Avoid printing multiple times	Done!
<ul style="list-style-type: none">• Auto Move of “Snake”	Done!
<ul style="list-style-type: none">• Adding tutorials	Done and proper actions are taken in order to make the games more suitable!
<ul style="list-style-type: none">• Taking all the games in a single file	Done!
<ul style="list-style-type: none">• Designing the whole environment	We added additional equipments so that the games look more stylish
<ul style="list-style-type: none">• Stopping Screen fluctuation	We tried heart and soul but we failed to stop it completely.
<ul style="list-style-type: none">• Adding colors to the games	We added other stylish add-ons but we didn't add colors.

Conclusion

We, all the members of your team “-no_name-” poured our hearts and souls into "Multiple Game," overcoming challenges and honing our skills. This project is more than just a collection of classics – it's a testament to our teamwork and a springboard for even more innovative creations to come! "Multiple Game" isn't just a project – it's a passion project, and we can't wait to share our love for gaming with you!
